The University of Tokyo's Graduate School of Public Policy (GraSPP) will be holding a live online session via Zoom for prospective applicants to the Master of Public Policy, International Program (MPP/IP). In this session, faculty members will give an overview of MPP/IP and an example of the study, and the alumni and students will share their experiences at GraSPP.

The two-year MPP/IP offers an extensive and diverse menu of courses taught in English. The program provides recent graduates and aspiring public policy professionals with an opportunity to learn cutting-edge multidisciplinary approaches to addressing public policy challenges. Our faculty consists of academics who provide intellectual foundations, and policy practitioners who share their professional knowledge and experience with students. The diverse, international student body is close knit and provides alumni with a global network of public policy professionals. Our cosmopolitan campus is located in central Tokyo with government, business, and cultural districts within easy reach.
