Article 1 Educational and Research Purpose

1. The purpose of the Faculty of Engineering is to develop leading human resources who attain a broad education, internationality and systematic knowledge of technology and are capable of contributing to the sustainment and development of mankind by using engineering methods for research, development, design, production, planning, management, policy proposal and other matters.
2. The purpose of developing human resources and other educational and research purposes for each department shall be prescribed separately.

Article 1-2 Departments

1. The following 16 departments and 25 course programs are established in the Faculty:

Departments	Course Programs
Department of Civil Engineering	Design and Technology Strategy Policy and Planning International Project
Department of Architecture	Architecture
Department of Urban Engineering	Urban Environmental Engineering Urban Planning
Department of Mechanical Engineering	Mechanical Engineering
Department of Mechano-Informatics	Mechano-Informatics
Department of Aeronautics and Astronautics	Aerospace Engineering Aerospace Propulsion
Department of Precision Engineering	Precision Engineering
Department of Information and Communication Engineering	Information and Communication Engineering
Department of Electrical and Electronics Engineering	Electrical and Electronics Engineering
Department of Applied Physics	Applied Physics
Department of Mathematical Engineering and Information Physics	Mathematical Information Engineering Information Physics
Department of Materials Engineering	Bio Materials Eco Materials Nano Materials
Department of Applied Chemistry	Applied Chemistry
Department of Chemical System Engineering	Chemical System Engineering
Department of Chemistry and Biotechnology	Chemistry and Biotechnology
Department of Systems Innovation	Environment and Energy System System Design and Management Social Innovation

2. Notwithstanding the preceding paragraph, the specific department may be treated as a group as listed in Appended Table 1, if necessary.

Article 2 Study

Persons who wish to enter the Faculty must complete the designated courses at the College of Arts and Sciences of the University of Tokyo and pass the examinations therefor.

Article 3

Holidays shall be as prescribed in Article 5 (excluding the holiday prescribed in item (4)) of the University of Tokyo General Rules on Faculties (hereinafter referred to as the “General Rules on Faculties”). However, the summer holidays prescribed in item (5) commence on

August 1 and end on September 30.

Article 4

The courses and the number of credits thereof shall be as prescribed in Appended Table 2.

Article 5

Class hours shall be announced in advance in accordance upon discussion by the faculty council.

Article 6

1. Students shall take courses in the method prescribed in the course allocation sheet prescribed in Appended Table 2 of the department in which they are enrolled. However, students may take courses other than those prescribed in the course allocation sheet of the department in which they are enrolled as elective courses.
2. Students who are enrolled in a specific department or course program have a priority to take courses such as drawing, exercise and practical training, etc. held by that department or course program.
3. Students who intend to take courses of another faculty must obtain approval from the dean of the department and obtain permission from the dean of the Faculty and the deans of the relevant faculties.

Article 7

Students must apply for courses they intend to take at the designated office during the designated period in advance.

Article 8

Each department may determine the sequence of courses listed in Appended Table 2 and prescribed in Article 4 to be taken by students, and prescribe that only after taking specific courses and passing the examinations thereof, students may take other specific courses.

Article 9 Examinations

Pursuant to the provisions of Articles 26 and 27 of the General Rules on Faculties, students must complete the courses prescribed in Appended Table 2 and pass specialized course examinations and thesis examinations to graduate from the Faculty and obtain a Bachelor's degree (Bachelor of Engineering).

Article 10

1. Examinations shall be in writing. However, with regard to the courses including aspects such as experiments, drawings, exercises and practical training, etc., written examinations will not be given and regular results may be graded.
2. The Faculty shall announce the date of the examinations in advance.

Article 11

Thesis examinations will be given from time to time with respect to the thesis plan or laboratory report.

Article 12

Students may take examinations only for the courses for which they have applied pursuant to

the provisions of Article 7.

Article 13

1. The examination results shall be graded as A+, A, B, C and F. The grade of F results in a fail of the course. However, the assessment of study in the specific courses that are the courses such as exercises and practical training, etc. may be given as Completed.
2. Pursuant to the provisions of Articles 14-2 and 14-3 of the General Rules on Faculties, except for the grades prescribed in the preceding paragraph, the examination results for courses taken at a university abroad may be graded as pass or fail.

Article 14

Persons who intend to take thesis examinations must report to the dean of the Faculty the thesis plan or scope of experiment through the department in which they are enrolled and cause an academic adviser to be appointed five months before the thesis examinations.

Article 15

Each department and course program may prescribe that students who are enrolled in such department or course program may take thesis examinations only after they complete the specific courses and pass the examinations therefor.

Article 16 Transfer

Pursuant to the provisions of Article 10, paragraph 1, items (6) and (10) of the General Rules on Faculties, persons who have graduated from a junior college or a 5-year engineering school and who apply for admission to the Faculty, may be permitted to be admitted as prescribed separately.

Article 17

1. The program duration, maximum period of enrollment and period of a leave of absence of persons who are admitted to the Faculty pursuant to the provisions of Article 16 are as follows:
 - (1) Program Duration: three years
 - (2) Maximum Period of Enrollment: five years
 - (3) Period of Leave of Absence: two years or less
2. The courses and number of credits to be taken by the persons who are admitted to the Faculty pursuant to the provisions of Article 16 will be treated as prescribed separately.

Article 18 Readmission, Admission as a Post-baccalaureate Student, Transfer to another Faculty or Department

Readmission, admission as a post-baccalaureate student, transfer to another faculty or department as prescribed in Article 9 and Article 10, paragraph 1 of the General Rules on Faculties shall be as prescribed separately.

Article 19

The courses and the number of credits taken by, and the program duration and the maximum period of enrollment of, students who are admitted to the Faculty pursuant to the provisions of Article 18 shall be as prescribed separately.

Article 20 Research Students and Auditors

Research students and auditors shall be treated pursuant to the provisions of the General Rules on Faculties and as otherwise prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 1987.
2. With regard to persons who entered the Faculty on or before March 31, 1987 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on July 24, 1987 and shall be applicable from April 1, 1987.
2. With regard to persons who entered the Faculty on or before March 31, 1987 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 19, 1988 and shall be applicable from April 1, 1988.
2. With regard to persons who entered the Faculty on or before March 31, 1988 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on July 5, 1988 and shall be applicable from April 1, 1988.
2. With regard to persons who entered the Faculty on or before March 31, 1988 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 1989.
2. With regard to persons who entered the Faculty on or before March 31, 1989 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 18, 1989 and shall be applicable from April 1, 1989.
2. With regard to persons who entered the Faculty on or before March 31, 1989 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on July 10, 1990 and shall be applicable from April 1, 1990.
2. With regard to persons who entered the Faculty on or before March 31, 1990 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on May 14, 1991 and shall be applicable from April 1, 1991.
2. With regard to persons who entered the Faculty on or before March 31, 1991 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on June 24, 1991 and shall be applicable from April 1, 1991.
2. With regard to persons who entered the Faculty on or before March 31, 1991 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 1992.
2. With regard to persons who entered the Faculty before these Rules come into force, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 20, 1993 and the provisions of the University of Tokyo Rules for the Faculty of Engineering revised by these Rules shall be applicable from April 1, 1993.
2. Persons who entered the Department of Aeronautics or the Department of Nuclear Engineering on or before March 31, 1993 and continue to study at the department are enrolled in the Department of Aeronautics and Astronautics or the Department of Quantum Engineering and Systems Science on and after April 1, 1993, and the associated transitional measures shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on June 7, 1994 and the provisions of the revised University of Tokyo Rules for the Faculty of Engineering shall be applicable from April 1, 1994.
2. Persons who entered the Department of Resource Development Engineering on or before March 31, 1994 and continue to study at the department are enrolled in the Department of Geosystem Engineering on and after April 1, 1994, and persons who entered the Department of Industrial Chemistry, the Department of Synthetic Chemistry, the Department of Reaction Chemistry or the Department of Chemical Engineering on or before March 31, 1994 and continue to study at the department are enrolled in the Department of Applied Chemistry, the Department of Chemical System Engineering or the Department of Chemistry and Biotechnology on and after April 1, 1994. The associated transitional measures shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on May 20, 1998 and the provisions of the revised University of Tokyo Rules for the Faculty of Engineering shall be applicable from April 1, 1998.
2. With regard to persons who entered the Faculty on or before March 31, 1998 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 1999.
2. With regard to persons who entered the Faculty on or before March 31, 1999 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2000.
2. With regard to persons who entered the Faculty on or before March 31, 2000 and are

still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2000.
2. With regard to persons who entered the Faculty on or before March 31, 2000 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2001.
2. With regard to persons who entered the Faculty on or before March 31, 2001 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2001.
2. With regard to persons who entered the Faculty on or before March 31, 2001 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2002.
2. With regard to persons who entered the Faculty on or before March 31, 2002 and are still enrolled, the provisions in force then shall remain applicable.

Supplementary Provisions

1. These Rules shall come into force on May 13, 2003 and the provisions of the revised University of Tokyo Rules for the Faculty of Engineering shall be applicable from April 1, 2003.
2. Notwithstanding the provisions of Article 1, paragraph 1 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty on or before March 31, 2003.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2004.
2. Notwithstanding the provisions of Article 1, paragraph 1 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty on or before March 31, 2004.

Supplementary Provisions

These Rules shall come into force on January 1, 2005.

Supplementary Provisions

These Rules shall come into force on April 1, 2005.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2005.
2. Notwithstanding the provisions of Appended Table 2 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2005 and are still enrolled.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2006.
2. Notwithstanding the provisions of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty on or before March 31, 2006.
3. Persons may enter the reformed Department of Precision Engineering on and after April 1, 2008.
4. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2006.
2. Notwithstanding the provisions of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty on or before March 31, 2006.

Supplementary Provisions

These Rules shall come into force on May 23, 2006 and the provisions of the University of Tokyo Rules for the Faculty of Engineering revised by these Rules shall be applicable from April 1, 2006.

Supplementary Provisions

These Rules shall come into force on September 26, 2006 and the provisions of the revised University of Tokyo Rules for the Faculty of Engineering shall be applicable from April 1, 2006.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2007.
2. Notwithstanding the provisions of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty on or before March 31, 2007.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2008.
2. Notwithstanding the provisions of Article 1-2, paragraph 1 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2008.
3. Persons may enter the reformed Department of Electrical and Electronics Engineering on and after April 1, 2010.
4. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2008.
2. Notwithstanding the provisions of Article 1-2, paragraph 1 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2008.
3. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2009.
2. Notwithstanding the provisions of Article 1-2, paragraph 1 of the revised University of

Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2009.

3. Persons may enter the reformed Department of Mechanical Engineering on and after April 1, 2011.
4. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2009.
2. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2012.
2. Notwithstanding the provisions of Appended Table 2 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2012 and are still enrolled.
3. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2013.
2. Notwithstanding the provisions of Appended Table 2 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2013 and are still enrolled.
3. The transitional measures associated with the revision shall be as prescribed separately.

Supplementary Provisions

1. These Rules shall come into force on April 1, 2014.
2. Notwithstanding the provisions of Appended Table 2 of the revised University of Tokyo Rules for the Faculty of Engineering, the provisions before revision shall apply to persons who entered the Faculty of Engineering on or before March 31, 2014 and are still enrolled.
