3. Eligibility Criteria and Requirements

All of the following criteria and requirements must be met:

【Internal eligibility criteria and requirements】

(1) Applicants must be students who are enrolled as full-time undergraduate or graduate students of the University during the period of the study abroad program. (Those who are on temporary leave from the University during the time of the program cannot participate.)

(2) Before applying, applicants must make sure that the summer programs do not interfere with their 2018 Summer Semester courses by carefully checking examination dates and other important scheduled class events as well as their personal schedules. Applicants may apply to the programs only after they have confirmed that it is possible for them to participate.

(3) The handling of absences from the University’s courses while participating in the program will be determined by each student’s Faculty or Graduate School. Faculties and Graduate Schools may not necessarily give special consideration to students’ participation in the programs. Thus please check with your faculty/graduate school before applying to the summer programs. *In the case of the College of Arts and Sciences Junior Division, not attending classes or exams due to participation in a study abroad program will be considered as an absence, and it is not an acceptable reason for a make-up exam. Contact the office of College of Arts and Sciences for more details.

(4) Students who already have a supervisor or equivalent at the University must notify them of their application to the program in advance and receive their consent and signature in the designated column. Students that do not have a supervisor or equivalent should contact and consult with the relevant section of the Faculty or Graduate School with which they will be affiliated during the program.

(5) Before applying, students should consult with the relevant section of the Faculty or Graduate School with which they will be affiliated during the program in order to be made fully aware of the potential academic affairs you need to know. After agreeing to these conditions, students may apply to the program upon receiving the signature of the person in charge of the relevant section in the designated column of the application form.

【Criteria for programs】

Please see each program’s information sheet for details.

【Insurance】
After passing the internal selection process and being accepted into the study abroad program, students are required to take out the Japan Educational Exchanges and Services (JEES) “Futai Kaigaku” at their own expense (this will not be paid for by the University). Taking out this insurance will be one of the requirements for applying to a study abroad program through this general application.

【Overseas Student Safety Management Assistance】
Students may be required by their faculty/graduate school to take out “OSSMA” (Overseas Student Safety Management Assistance) provided by Emergency Assistance Japan Co., Ltd. If students are selected to participate in the program, they must follow their faculty’s/graduate school’s instructions regarding “OSSMA” (it is the responsibility of the students to purchase OSSMA as this will not be paid for by the University).

【Eligibility Criteria for Receiving Scholarship】 (See the information sheet “Attachment 1” for details.)
Because this scholarship is provided by funds and donations by individuals as well as corporate bodies, recipients are expected to attend networking events with donors, submit reports and answer questionnaires.

4. Course Registration and Credits, etc.
   Please see each program’s information sheet for details.

5. Program Costs / Scholarships
If students meet the designated academic criteria (Grading Coefficient of AY 2017, etc.) and wish to receive scholarships, they are eligible to receive non-refundable scholarships. See each program’s information sheet and “Attachment 1” for details. (Those who are recipients of Japanese Government Scholarship may be allowed to receive the scholarships from the University to participate summer programs as the purpose of the scholarships are for the payment of tuition and/or airfare. However, please check and follow the rules of Japanese Government Scholarship because it may not allow you to receive any other type of scholarships.)

6. Application Deadline
   Around late May (the deadline for submission depends on your faculty. Please check with the relevant offices.)
   https://www.u-tokyo.ac.jp/adm/go-global/ja/contact-department.html

7. How to Apply
   Please submit the completed application forms (both the electronic file and paper-based copy)
as specified in “Section 13. Applications Documents” to the relevant office of your faculty by the determined deadline. Applicants can select up to three programs of their choice in order of preference to apply.

8. Internal Selection Process
(1) In principle, internal selection will be by screening of application documents.
(2) Acceptance/non-acceptance to the programs will be sent out by e-mail, therefore please check you e-mails routinely after you apply. It is possible that e-mails with important information may be classified as spam or junk by your e-mail program, therefore please check your spam mail folder also.
(3) After the internal selection, generally participation will be possible in only one of the programs of your choice.
(4) In order to give opportunities of study abroad experience to as many students as possible, students who have previously taken part in the programs offered by the Division of Global Campus Initiatives (formally the Division of International Affairs), and are applying once again to these programs will be given a low priority for internal selection.
(5) Results of the internal selection will be sent out mid- to late-June. The results will be sent out to the students e-mail directly as well as to the relevant offices of their faculty/graduate school.

9. Having Passed Internal Selection Process ~ Requirements for Post-Internal Selection up until Program Acceptance
【Participation procedures and travel arrangements】
(1) Even if students have passed the selection process, they may not receive scholarships if their participation in the relevant programs is not approved, or if they became unable to participate because of failure to make the required arrangements.
(2) It is the students’ responsibility to follow the instructions of the host institutions and the International Exchange Group of the UTokyo Administration Bureau on participation procedures and travel arrangements. You should also follow the instructions of the host university when applying for a visa and obtain the latest information from the host institution’s country embassy/consulate and other credible sources. Students are responsible for all expenses incurred during the process. If you are not permitted to participate in the programs due to insufficient documents, failure to check the deadline or other reasons, it is the students’ responsibility and the scholarship will not be paid to the students.
【Internal procedures】

(1) Confirm with the relevant office of your faculty to see if any study abroad procedures are necessary (such procedures differ by faculty).

(2) Contact academic supervisors and other faculty members before departing to avoid unnecessary trouble that could be caused by participating in the program.

(3) Orientations will be held for each program and all students are required to participate.

(4) If you must decline the offer under unavoidable circumstances, immediately contact the International Exchange Group of the UTokyo Administration Bureau (studyabroad.adm@gs.mail.u-tokyo.ac.jp) and also submit a brief on the reasons for declining (no specific format but please have description of your affiliation, name, the reason why declining, date, and your hand-written signature. One A4 sized page).

(5) When a scholarship recipient is found not to satisfy the previously-mentioned eligibility criteria or found to be inappropriate as a recipient, he/she will be ordered to return the scholarship amount already received, in whole or in part. Also when a scholarship recipient suspends his/her study abroad or takes a leave of absence, he/she may be ordered to return the already paid scholarship amount, in whole or in part.

(6) Students must follow other warnings and notes from the University of Tokyo.

【Information on Study Abroad, Risk Management】

For general information on studying abroad and risk management, see the UTokyo Go Global website (studyabroad.adm@gs.mail.u-tokyo.ac.jp). In particular, read the Risk Management Guidebook for Overseas Travel carefully.

10. Obligations for Participating in Programs

(1) Participants must fully comprehend the purposes of the programs and strive to complete the program courses while achieving a high level of academic performance.

(2) Participants must be aware that they are representatives of the University, and thus must comply with the laws, regulations, rules and manners of their host universities and countries.

11. Post-Program Reports

(1) Students must submit a report (in a format prescribed by the International Exchange Group of the UTokyo Administration Bureau), copy of their program completion certificate or academic transcript to the International Exchange Group of the university administration bureau, within two weeks of completing the summer program.
Some programs require the submission of reports other than the above mentioned. Students must submit them by the designated deadline.

If there are any changes in information (addresses, phone numbers, email addresses) from the time of the application, contact your faculty and the International Exchange Group of the UTokyo Administration Bureau so that appropriate procedures can be undertaken. Such information will be necessary for mailing grades, letters of completion, and passing on other important information.

Upon completing the program, students may be asked to cooperate in the internationalization efforts of the University (advising students who wish to study abroad, promoting study abroad programs, and answering questionnaire surveys, etc.). Students are expected to participate unless there are unavoidable circumstances.
