1 EducationUSA/Fulbright Japan

American Center Japan (Tokyo) is one of the EducationUSA advising centers supported by the U.S. Department of State, promoting U.S. higher education by providing accurate and comprehensive information and advice. Fulbright Japan administers "Fulbright Scholarship Programs", and also supports EducationUSA activities.

2 British Council

Thinking of studying in the UK? Wondering what it's really like? Not sure where to get the most reliable and up-to-date information? Just come along to talk with British Council staff about the various opportunities for studying in the UK!

3 University of Warwick

The University of Warwick has been named as one of the world's top 20 Most International universities. It is one of the world's top 100 universities and is consistently ranked in the Top Ten UK Universities. We are world leaders in research and teaching and produce graduates who are global citizens, equipped to make an important contribution in our inter-connected world. We have been recognized as the number 1 most targeted university by the UK's top 100 Graduate employers. We also offer English language and intercultural communication short courses for students from around the globe!

4 Campus France Japon

Campus France is the French national agency for the promotion of higher education abroad. We provide general information on French higher education and support to students who wish to study in France. If you are interested in studying in France, do not hesitate to contact us !

5 Ecole Polytechnique (France)

École Polytechnique is a leading French institute which combines top-level research, academics, and innovation at the cutting-edge of science and technology. Its curriculum promotes a culture of excellence with a strong emphasis on science, anchored in humanist traditions. The school produces socially responsible professionals who excel in leading complex and innovative projects which address current and future challenges facing our society.

6 DAAD

The German Academic Exchange Service (DAAD) is a joint organisation of German institutions of higher education and their student bodies, devoted to internationalising the academic and scientific research system. With the scholarship programmes, the DAAD enables students, researchers and university lecturers to take advantage of the best study and research opportunities available.

7 Schwarzman Scholars

Schwarzman Scholars is a highly-selective, fully-funded Master's program, based at the distinguished Tsinghua University in Beijing. The program was designed to ensure that the next generation of global business, political, and civil society leaders can serve as bridges between China and the rest of the world. Scholars pursue a fully-funded one-year Master's degree at Schwarzman College on Tsinghua's campus. They hone their leadership skills through a curriculum designed by leading academics from around the globe. Outside the classroom, scholars are exposed to China through thematic study tours, a mentoring program, and internships with key employers in Beijing. All classes are taught in English with the opportunity to study Mandarin. For those with ambition to take on future influential roles, Schwarzman Scholars is an accelerated path to leadership.

8 Friends of UTokyo, Inc.

FUTI (Friends of UTokyo, Inc.) is a nonprofit charitable organization established by UTokyo graduates in the State of New York. We provide scholarships to UTokyo students participating in summer program and long-term study in the United States. Scholarships are funded by donation from graduates and Ito Foundation U.S.A. We welcome UTokyo students who participate in extracurricular activities enthusiastically, as well as study hard.

17

Students Corner

This is a corner where you can talk directly with foreign students/university students who have studied abroad. Let's ask questions from the preparation stage before studying abroad until the career development after study abroad. In addition, the Go Global website also contains a trial of experiences from experienced students.

18

Globalization Office

The Globalization Office provides various support to enrich your international experience. At the study abroad fair, we will provide information about Global Praxis courses, events and seminars and organize "Post-return presentations". This will also be a good opportunity for you to talk with returnees about their study-abroad experience. Please feel free to come by.

19

Nakatani Foundation

The Nakatani Foundation offers this flagship program to foster young researchers in biomedical engineering measuring technologies. This research internship program enables undergraduate students to conduct research at a U.S. university laboratory and seeks to foster the next generation of global researchers. Nakatani Foundation covers travel, lodging, and tuition.

Note: Biomedical engineering measuring technologies include techniques of not only Physics, Chemistry, Biology but Mathematics and Computer Science etc.

20

DISCO Inc. CareerForum.Net (CFN)

DISCO is a leading human resources consulting firm specialising in Japanese-English bilingual recruitment. Since holding the first Boston Career Forum in 1987, DISCO has gone on to organise the world's largest job fairs for Japanese-English bilinguals, helping to connect more than 260,000 job seekers with over 7,000 world leading corporations across a wide range of sectors. We would be providing career advice for job hunting relates to your study abroad experience.

21

Infosys Limited

InStep – the flagship global internship program of Infosys – attracts talent from top academic institutions around the world. The program attracts a mix of students from across disciplines like management, technology, and liberal arts. InStep fosters a multicultural environment, high-impact strategies and cutting-edge research projects. We also benefit from the diverse perspectives of a best-in-class talent pool. Since its inception in 1999, InStep alumni have grown to 1250. In 2013, 150 talented professionals were hired from 100 top universities for strategic projects. Tomorrow's careers start here – at InStep. <https://www.infosys.com/Pages/index.aspx>

22

Go Global Gateway

Have you heard about UTokyo's Go Global Gateway program that was launched in April 2018? Have you started writing your Go Global Statement?

The Go Global Gateway program is open to all undergraduate students who began their studies at UTokyo in 2018. If you are interested in hearing more about the program and how to write a Go Global Statement, please stop by our Go Global Gateway booth.

23

Multi-Purpose space (Meet & Talk)

In this corner you can meet and talk with people with experience of studying abroad - students from partner institutions and students who have studied abroad. Please use this opportunity to ask questions such as preparation or future career plans. The "Go Global" website has a number of reports from people who have studied abroad.

24
