1. Outline
The IARU Courses 2019 is a short-term study abroad program held at eleven of the world’s top-class IARU-member universities. The member universities accept/send students from/to each other, and their faculty provide intensive courses for the students from IARU-member universities and non-IARU member universities from other countries.

Students must apply directly to the host universities for each course. However, if students apply for courses of IARU Courses 2019 which are specifically listed on “Attachment 1: Course List”, and also send applications to UTokyo as well as to the host university, the students can receive the following advantages:

(1) Can receive information and support for application procedures from UTokyo
(2) May apply for scholarships from UTokyo
(3) May be preferentially nominated for tuition waiver based on the contract between the partner universities and UTokyo. (Tentative. Currently available only for the courses organized by the University of Copenhagen.)
(4) Can participate in the orientations and gatherings organized by UTokyo

Please refer to “Attachment 1: Course List” and the IARU Courses 2019 website for details on the courses. The information is subject to updates, so please see the website for the latest information.

※ The host university will conduct its own selection and will decide whether or not to accept the applicants.
※ Transfer of the credits from the host university to UTokyo credits is not guaranteed.

2. Eligibility Criteria and Requirements
All of the following criteria and requirements must be met:
(1) Applicants must meet the requirements of courses wish to apply. Each course may have number of years at the university, major, and English proficiency requirements, etc. Please be sure to refer to the website for further details.
(2) Applicants must be students who are enrolled as full-time undergraduate or graduate students of the University at the time of application and during the study abroad program. (Those who are on a temporary leave of absence from the University during the time of the program cannot apply.)

(3) Before applying, applicants must make sure that the programs do not interfere with their Semester courses by carefully checking examination dates and other important scheduled class events as well as their personal schedules. Applicants may apply to the programs only after they have confirmed that it is possible for them to participate.

(4) The handling of absences from the University’s courses while participating in the program will be determined by each student’s faculty or graduate school. Faculties and graduate schools may not necessarily give special consideration to students’ participation in the programs. Thus please check with your faculty/graduate school before applying to the programs.

*In the case of the Junior Division of the College of Arts and Sciences, not attending classes or exams due to participation in a study abroad program will be considered as an absence, and it is not an acceptable reason for a make-up exam. Contact the office of College of Arts and Sciences for more details.

(5) Students who already have a supervisor or equivalent at the University must notify them of their application to the program in advance and receive their consent and signature in the designated document “Confirmation of Notification for Applying for the Study Abroad Programs Administered by the Division for Global Campus Initiatives, The University of Tokyo”. Students that do not have a supervisor or equivalent should contact and consult with the relevant section of the faculty or graduate school with which they will be affiliated during the program.

(6) Before applying, students should consult with the relevant section of the faculty or graduate school with which they will be affiliated during the program in order to be made fully aware of the potential academic affairs you need to know. After agreeing to these conditions, students may apply to the program upon receiving the signature of the person in charge of the relevant section in the designated document “Confirmation of Notification for Applying for the Study Abroad Programs Administered by the Division for Global Campus Initiatives, The University of Tokyo”.

(7) Students must be able to proactively take actions, such as preparing documents and checking deadlines because you will be responsible for directly contacting the host institution in English via website or e-mail regarding your application for the study abroad program (and accommodation arrangements in some programs).

(8) [ Insurance ] After passing the internal selection process and being accepted into the study abroad program, students are required to take out the Japan Educational Exchanges and Services (JEES) “Futai Kaigaku” at their own expense (this will not be paid for by the University). Taking out this insurance will be one of the requirements for applying to a study abroad program through this general application.

(9) [ Overseas Student Safety Management Assistance ] Students may be required by their faculty/graduate school to take out “OSSMA” (Overseas Student Safety Management Assistance) provided by Emergency Assistance Japan Co., Ltd. If students are selected to participate in the program, they must follow their faculty’s/graduate school’s instructions regarding “OSSMA” (it is the responsibility of the students to purchase OSSMA as this will not be paid for by the University).

(10) [ Eligibility Criteria for Receiving Scholarship ] Because this scholarship is provided by funds and donations by individuals as well as corporate bodies, recipients are expected to attend networking events with donors, submit reports and answer questionnaires.
3. **Program Costs**  
Participants are required to cover all expenses including tuition fee, accommodation fee, airfare, expenses for visa etc. Please see the website for details.

※ The electronic application system will be closed after the application deadline. Please note that incomplete applications will not be accepted even if they are submitted by the deadline.  
※ Please note that the above application deadline specified by UTokyo differs to that listed for each course on the website.

6. **Internal Selection Process**  
(1) In principle, internal selection will be by screening of application documents.  
(2) Results of the internal selection will be sent out to the students e-mail directly as well as to the relevant offices of their faculty/graduate school.  
(3) If you must decline the offer under unavoidable circumstances, immediately contact the International Exchange Group of the UTokyo Administration Bureau.

Taking out this insurance will be one of the requirements for applying to a study abroad program through this general application. Procedures to be enrolled in the “Futai Kaigaku” will be announced to students after they passed internal screening.

12. How to participate in the courses organized by the University of Tokyo
For students of the University of Tokyo, the following courses provided at the University of Tokyo do not require an application for the IARU Courses, but will be open as intensive courses similar to other regular classes. (However, the courses will not be open to students in the Junior Division of the College of Arts and Sciences.) Students who intend to take the courses must follow the course registration procedures at the time of registration for the 2019 S2 term. Those who will take them from other faculties must follow the appropriate registration procedures. These courses, in which UTokyo students can communicate with students from overseas universities while on campus and get accustomed to classes conducted in English, are very effective preparation for studying abroad.
