## 1. Overview

The University of Tokyo accepts applications from students, who wish to participate in the following program organized by AUA (Asian Universities Alliance). The theme of the program is “Decentralized Off-grid Solar Solutions” . This program will be conducted in a multidisciplinary approach, involving lectures from the SoULS team, demo of the solar off-grid solutions, field visit to solar PV cook-stove project by the SoULS team, etc. See the attachment “AUA S3 Brief introduction” for details of the program content and schedule.

[Reference 1] About AUA: <https://www.u-tokyo.ac.jp/en/academics/aua.html>

[Reference 2] About SoULS: <http://www.soulsiitb.in/>

[Reference 3]About the field visit to Betul: The attachment “AUA S3 Brief introduction” states as follows.

***“The field location is near Betul district in the state of Madhya Pradesh, about 780 km from Mumbai. To and from location involves overnight train (AC sleeper) + road journey via Nagpur. Students participating will have to provide their own insurance for this program.”***

As the journey to Betul will include an overnight train (probably 12 hours or more one way) and road journey, the program will be a hard one. Students need to understand its potential physical burden when they apply.

## 2. Eligibility/Requirements

Students must satisfy all the criteria below.

- (1) Students must be enrolled at UTokyo as full-time undergraduate or graduate students at the time of application and during the program period. (Those who are on a leave of absence from UTokyo are not eligible to apply.)
- (2) Students must have sufficient proficiency in English to be able to produce good results.
- (3) Students must have qualifications required by each program. Applications will only be accepted if the applicant meets the language requirement, if any, at the time of the application deadline.
- (4) Before applying, applicants must make sure that the program does not interfere with their courses by checking the examination date and other important scheduled class events as well as

their personal schedules. (As there is a limit to the number of possible participants in the program, withdrawing one's application after being selected leads to the loss of opportunity to study abroad for others. Note that in principal, students are discouraged from withdrawing their applications after submission.)

- (5) In cases where you cannot attend classes at UTokyo for a specified period, the handling of such situations shall be determined by your faculty/college/graduate school of affiliation. There is no guarantee that students' study abroad schedules will be taken into special consideration, therefore please confirm and make sure you understand before applying.

\* In the case of the College of Arts and Sciences Junior Division, not attending classes or exams due to participation in a study abroad program will be considered as an absence, it will also not be an acceptable reason for a make-up exam. Contact the office of College of Arts and Sciences for more details.

- (6) If you already know who your supervisor is during the term in which you will be participating in the program, you must obtain prior authorization from the supervisor and obtain his/her signature on the application form. In cases where you do not have a supervisor for that term, please consult with the relevant section of the faculty with which you will be affiliated with during the program and obtain their approval.
- (7) Please only apply after consulting with the relevant section of the faculty with which you will be affiliated during the program term to be fully aware of potential academic affairs you need to know before you apply. You must obtain the signature of the persons in charge for the application form.
- (8) After passing the internal selection process and being accepted into the study abroad program, students are required to take out Japan Educational Exchanges and Services (JEES) “*Futai Kaigaku*” at their own expense (this will not be paid for by the University). Taking out this insurance will be one of the requirements for applying to this study abroad program.
- (9) Students may be required by their faculty to take out the “OSSMA” (Overseas Student Safety Management Assistance) provided by Emergency Assistance Japan Co., Ltd. If students are selected to participate in the program, they must follow their faculty's instructions regarding “OSSMA” (it is the responsibility of the students to purchase OSSMA as this will not be paid for by the University).
- (10) **Students who attended AUA programs last year are NOT encouraged to register for this year's programs. One student is supposed to attend only one AUA program this year.**
