# Learn tools and techniques to manage Low Stress & High Quality Writing and Presentation Projects

論文執筆に向けての計画の立て方

Seminar  
in  
English

10/8<sub>THU</sub>

Online

10:00-15:00

Break 12:00-13:00

Lecturer  
講師

Paul Consalvi

新領域創成科学研究科  
特任教授

Project Professor, GSFS

## Project Managing Tools & Technique:

- Plan your work & work your plan
- Consider the scope of your project and how you will contribute
- Consider important milestones
- Consider enhancing elements of a typical master's thesis or research project to your field; such as research questions, hypothesis, and arguments
- Consider how to plan to write each section of a thesis: Introductions, methodologies, results and discussions
