

2021 SciREX Summer Camp

Call for UTokyo Students

As part of the joint education program within “Science for RE-designing Science, Technology and Innovation Policy”(SciREX) of MEXT project, SciREX Summer Camp will be held jointly with the six core universities. This summer camp offers an excellent opportunity to discuss common themes, exchange views and perspectives, and interact with other participants having diverse backgrounds. It also aims at promoting network formation among students studying in different universities.

All the UTokyo graduate school students can apply!

2021 Summer Camp Overall Topic:

Innovation System in the Post-pandemic Era

- ▶ How the society will change (movement of people and goods, international relations, ...)
- ▶ How the research will change (academic society activities, collaborative research, AI introduction, ...)
- ▶ How the education will change (class operation methods, students' activities, ...)

Group Theme You will belong to one of the following groups; English speaking group is 3 and 9

- Group 1** ポストコロナを見据えたライフスタイルイノベーションによる持続可能な脱炭素社会の実現
- Group 2** アフターコロナ時代の研究者による政策への関与のあり方
- Group 3** Space applications in the COVID era
- Group 4** ミッション志向型イノベーション政策立案のためのロードマッピング
- Group 5** COVID19の経験に基づく今後の感染症対策
- Group 6** データで解析する科学技術イノベーション
- Group 7** ポストコロナの教育
- Group 8** COVID-19の経験からの国際関係と国際コミュニケーションのあり方
- Group 9** The Wealth of Nations: Pandemics, Industrial Revolutions, and Economic Growth
