## Dialogues with UTokyo's Partner Institutions: UTokyo-Cambridge Voices Series

### The Sixth Cambridge-UTokyo Joint Symposium Series 2021

UTokyo-Cambridge Voices, started in 2020, is a series of conversations held between researchers of the University of Tokyo and the University of Cambridge regarding a specific aspect of their research. This dialogue series is hosted by the two institutions under the framework of the "Strategic Partnership" and explores research from a range of academic disciplines. This year, three university-wide online symposia will be open to the public.
