

UTokyo Amgen Scholars Program 2022
Host Laboratories & Project Topics

Name of Faculty Member (Title)	FURUSAWA Chikara (Professor)
Name of Graduate School / Faculty/ Institute	Graduate School of Science
Research Topic & Research Description	Biophysics, Systems Biology
Special academic conditions required for research	1) Prerequisite knowledge and/or specific skill and its proficiency
	Computer programming, Numerical simulation
	2) Required study field(s)
	Biology, Physics, Mathematics at the undergraduate level
	3) Academic background or research project experience to be considered at selection
	Research experience related to biophysics and systems biology
Lab Website	http://park.itc.u-tokyo.ac.jp/ubifurusawa/
Campus	Hongo
Academic Research Areas	Bioinformatics Biotechnology Microbiology
