

Beddings Purchase Order

Residents can choose whether to place their purchase order for the beddings or not. Once purchased, you can either keep the beddings on your own or have them collected with no fees incurred at the time of your move-out from the UTokyo accommodation. All residents are required to purchase the bed pad(s), even if they are to prepare their own beddings at the time of move-in. For the details, please refer to the following.
