AN INTRODUCTION TO STUDYING AT THE NATIONAL UNIVERSITY OF SINGAPORE

Singapore is an island city-state, located in the heart of Asia. The island republic is recognised as a global business hub with its developed infrastructure, political stability and open business policy. Its tropical climate, easy accessibility, safe and green environment attracts business and leisure travellers alike.

Singapore's shiny façade belies a rich history and a unique blend of Malay, Chinese, Arab and Western foods, cultures and religion. There's so much to discover in this incomparable country!

Welcome to Singapore

Average Temperature

It's a balmy 25°C - 32°C all year around! You'll want to slap on some sunscreen.

Highest Rainfall

Get those brollies ready from November to January, or enjoy our tropical thunderstorms indoors.

Size

Singapore is 50km from West to East and 27km from North to South. Just enough space for the yearly F1 night race!

Languages

Most locals are fluent in English, and are bilingual! Go ahead and test their Mandarin, Bahasa Melayu or Tamil!

A LEADING GLOBAL UNIVERSITY

shaping the future

Founded in 1905, NUS' rigorous education, research, innovation and entrepreneurship have produced generations of leaders and luminaries.

As Singapore's flagship university, we welcome more than 2,300 international exchange students every year. Centred in Asia, we are one of the best places where you can learn more about this exciting region.

PREPARING YOUR Application

Here are some things to take note of in your application to NUS:

You need a minimum of modular credits (MCs) for admission into NUS

You are allowed to read a maximum of MCs worth of modules

Select the correct level of modules:

1000 – 3000: Undergraduate modules

4000: Honours modules

5000 – 6000: Not open to exchange students

Ensure that you meet the module pre-requisites

We strongly recommend that you select **up to 32 MCs worth of modules** in your application. For modules that require pre-requisites, include the syllabi of the courses that you have completed or are currently taking. If you want to take design-related modules, you must upload a letter from your home university stating the year of design modules you should be enrolled in during your exchange.

To access the application portal, register for a new user account using your **university email address**. Before proceeding with your application, please read the NUS Online Application Portal Guide: nus.edu/36TSuCW

A CLOSER LOOK INTO

1. Modules are typically worth 4 MCs each, which translates to about 10 hours of preparation and class work each week.
2. You must be accepted in at least 12 MCs worth of modules before you will receive an acceptance letter.
3. Please note that modules in Architecture, Computer Science, Civil Engineering, and Economics are highly in-demand, and places are limited.
4. You can make modifications to your Study Plan after receiving your acceptance letter, during the add/drop exercise. Please ensure that you have sought your university's approval for your Study Plan before the add/drop exercise. Dates of the exercise will be regularly updated in the Registration Guide: nus.edu/3LhOevU

Pre-arrival Webinar & Registration

You are strongly encouraged to attend Registration, which is usually conducted 1 to 2 weeks before the start of the semester. We advise you to complete all necessary exams at your home university before coming to NUS.

REGISTRATION

You will collect your NUS Student Card and complete the enrolment for your Student's Pass (student visa) on-campus at Registration.

If you are unable to arrive on time for Registration please inform the Registrar's Office: nghelp@nus.edu.sg

Visa Matters (!)

You will need to obtain a Student's Pass (Student Visa) to study at NUS. NUS Registrar's Office will email instructions on applying for your Student's Pass at least one month before the start of the semester. You will collect your Student's Pass after you arrive in Singapore, but you will need to complete a few steps online, prior to your arrival.

If you require a visa to enter Singapore, you can print the In-Principle Approval (IPA) letter via the SOLAR system, and use the IPA as a **single-trip entry visa**. If you are not from a visa-required country, you may enter Singapore on a tourist visa and convert the visa to a Student's Pass. For details, please refer to the Registration Guide: nus.edu/3Lh0evU

EXCHANGE IN A Crazy Rich City?

Although touted as one of the most expensive cities in the world, living in Singapore can be very affordable and comfortable. Here's a breakdown of expected **monthly** expenses (in Singapore dollars):

	On-campus	Off-campus
Accommodation	\$480 - \$850 (depending on room type)	\$600 - \$1,300
Food (3 meals a day)	\$250 - \$500	\$400 - \$800
Public transport	\$100 - \$150	\$200 - \$300
Personal expenses	\$300 - \$500	
Total	\$1,130 - \$2,000	\$1,500 - \$2,900

These figures are estimates to serve as a guide, and do not include travel expenses. As on-campus accommodation at NUS is not guaranteed you should plan for the possibility that you may reside off-campus during your time here. As an exchange student on a Student's Pass, you are not allowed to work or intern in Singapore.
