How to create your T-cens SP account (approx. 3 min.)

1) Login: [https://t-cens-sp.adm.u-tokyo.ac.jp/t-cens_sp/login.php](https://t-cens-sp.adm.u-tokyo.ac.jp/t-cens_sp/login.php)

2) Read the “System Requirements” first. The program cannot be used with tablets/smartphones as it will result in technical glitches.

3) Click on “Create a New Account”.

4) Enter your primary email address that will be used throughout the program period.

5) An email will be sent to your registered email address. To proceed further with your registration, please log into T-cens SP using the given link.

※ You can retrieve your ID and issue a new password in case you have forgotten.
6) Complete 1. to 5. and read 6. Privacy Policy carefully, then click “Register”.

Regarding 5., please remember your secret question and answer. You will need it to retrieve your ID and to issue a new password in case you have forgotten it. Note that the secret answer is case-sensitive. (e.g. If you type “Tokyo2023Amgen” as the answer to your secret question, then “tokyo2023amgen” is a wrong answer.)

7) Copy and save your ID and Password to your “desktop” immediately and login using the copy and paste method. Please note that you will not be notified of the ID and password by email. Do not type in the ID and password as quite a few people have been known to mistake the “I, l, 1” which may be part of the password.
