Period of activity	Refer to the specific content column	Main activity place	Orchard Farm Organics (1052 Cherry Hill Road, Princeton, NJ 08540 USA)
	2week		
Purpose	Orchard Farm Organics The pamphlet explains as follows: "The educational aspect of the farm is very broad. Children & adults learn at first hand the process of growing & gain an intimate understanding of the true source of healthy food. We frequently host students doing internships from higher education institutions in America and abroad."		
Activity detail (approx. 250 words)	<p><input checked="" type="checkbox"/> Orchard Farm Organics Steiner farming organic farm, environmental protection farming. A small farm where the farm owner and his wife, farmers + volunteers work.</p> <p><input checked="" type="checkbox"/> Activity content Participating students engage in farm work from Monday to Friday under the guidance of Mrs. Phinney. Free activity on Saturdays and Sundays. Weekday flow: 7:00-lunch-15: 00 (farming work) after 15:00: dinner preparation, free activities Agricultural work: Weeding, harvesting (tomatoes, okra, peas, cucumbers, radishes, plums, pumpkins, carrots, onions, etc.), Feeding chickens, goats and cows, nail clippers for goats, polishing egg shells, market (Thursday)</p> <p>Orchard Farm Organics is engaged in sustainable agriculture in Princeton. According to Mrs. Phinney: "Farm consists of 61 acres total, vegetable and fruit production in raised beds on approximately 5 acres (biointensive planting), woods, streams and pasture lands. We have three flocks of chickens which move over land in 'mobile homes', 11 goats and four cows. We have a CSA(CommunitySupported Agriculture) and deliver produce to area health food store and restaurants during growing season June through October."</p> <p>Activity period: ①2023/8/5(Sat)-8/19(Sat) ②8/19(Sat)-9/2(Sat) ③9/2(Sat)-9/16(Sat) Please specify all available dates, along with your desired order, in the "Other" section of the application form.</p>
