

プログラム名 (40字以内)	Sustainable agriculture experience at Organic Farm(USA)		
団体名/所属	Orchard Farm Organics (NY Gingo association 銀杏会)		
活動区分	国際交流体験活動、農林水産業などに関わる地域体験活動	希望する選考方法	書類審査のみ
募集人数	9人	選考対象	大学院学生を含む
活動方法	オンラインを活用しつつ現地活動を行う		
参加者に求めるもの	Energetic and cooperative undergraduate and graduate students. Agricultural experience not required. No English proficiency required. Motivation for participation must be written in English. Resume in English must be submitted at the time of application.		
活動期間	2 weeks	主な活動予定場所	Orchard Farm Organics (1052 Cherry Hill Road, Princeton, NJ 08540 USA)
プログラム実施の目的	Orchard Farm Organics. The pamphlet explains as follows: "The educational aspect of the farm is very broad. Children & adults learn first hand the process of growing & gain an intimate understanding of the true source of healthy food. We frequently host students doing internships from higher education institutions in America and abroad."		
具体的な内容(800字程度)	<p>■Orchard Farm Organics Certified organic farm using biodynamic methods developed by Rudolf Steiner. An emphasis on sustainable, regenerative agriculture to protect the environment and provide most nutrient dense food for the community. A small farm where the owners, farmers + volunteers work.</p> <p>■Activity content Participating students engage in farm work from Monday to Friday under the guidance of the farm manager and owners. Free activity on Saturdays and Sundays. Weekday flow: 7:00-lunch-15:00 (farming work) after 15:00: dinner preparation, free activities Agricultural work: Weeding, bed preparation, planting, harvesting (tomatoes, okra, peas, cucumbers, radishes, pumpkins, carrots, onions, etc.). Caring for chickens, gathering and washing eggs, preparing produce for CSA market on Thursdays and farmers' market</p> <p>Orchard Farm Organics is engaged in sustainable agriculture in Princeton. According to Mrs. Phinney: "Farm consists of 61 acres total, vegetable and fruit production in raised beds on approximately 5 acres (biointensive planting), woods, streams and pasture lands. We have two flocks of chickens, goats and cows. We have a CSA (Community Supported Agriculture) during the growing season from the end of May through the beginning of November."</p> <p>Activity period: ①2024/8/3(土)-8/17(土) ②8/17(土)-8/31(土) ③8/31(土)-9/14(土) Please specify all available dates, along with your desired order, in the "Other" section of the application form.</p>
