

(Appendix) List of partner universities (for 2024-2025 study-abroad)

AY2024 The University of Tokyo University-wide Student Exchange Program (USTEP) for AY2024-2025 (early 2025 departure)

*The number of maximum participants is currently being discussed with the respective partner universities and may change upon consultation with them.

*Since many partner institutions count the quota of the number of exchange students by semester/quarter/term, rather than by number, in most cases the number of students who will be selected as outbound exchange student will be about half of the number listed in the "Maximum Number of Applicants". You can check the number of past exchange students in the following table.

*Partner universities may be added without notice.
