<< Internal eligibility criteria and requirements >>

(1) An applicant must be enrolled in a regular course of a faculty/graduate school of UTokyo at the time of application, and will continue to be enrolled in a regular course of the faculty/graduate school throughout their study-abroad period (Those who are on temporary leave from the University or those who will lose one's student status due to graduation, etc. during the time of the program are not eligible to apply).

(2) Those graduating in September 2025 must confirm that they will retain their student status at UTokyo until the end of the program. Undergraduate students must complete the on-demand course under the Go Global Gateway (to be released on April 1, 2025). The estimated time required for completion is approximately 100 minutes. * On-demand course: <https://globe.u-tokyo.ac.jp/ja/ggg.html>.

(3) Before applying, applicants must make sure that the programs do not interfere with their semester courses by carefully checking examination dates and other important scheduled class events as well as their personal schedules. Applicants may apply to the programs only after they have confirmed that it is possible for them to participate throughout the period. As the number of students that can go abroad on the programs from the University is limited, cancelation after the application deadline means a loss of the chance to study abroad for other students. Make certain that you do not need to cancel your application after submission. Except in cases deemed unavoidable, withdrawing may affect future selections for study abroad programs and scholarships.

(4) The handling of absences from the University's courses while participating in the program will be determined by each student's College, Faculty, or Graduate School. The College, Faculties or Graduate Schools may not necessarily give special consideration to students' participation in the programs. Therefore, please check with your College, Faculty, or Graduate School before applying to the programs.

*For students in the Junior Division of the College of Arts and Sciences, not attending classes or exams due to participation in a study abroad program will be considered as an absence, and it is not an acceptable reason for a make-up exam. Contact the office of the College of Arts and Sciences for more details.

(5) Students who already have a supervisor or equivalent at the University must notify them of their application to the program in advance and receive approval from the supervisor. Then they are to fill in the date they received approval in the application on UTAS as specified. If a student does not have a supervisor or equivalent, write 'no supervisor' in the space specified (see details in 14. How to Apply and Application Documents (2)).

(6) Students who are applying for this program must consult with the relevant section of the College, Faculty, or Graduate School with which they will be affiliated during the program in order to receive explanations on the points to be noted concerning the program and write down the affiliation, department, the initial of the person from whom you received the explanation,

and the date you received the explanation in the designated section on UTAS application form, and fully understand the points before submitting their application (See details in 14. How to Apply and Application Documents (2)). Application without the confirmation here will not be accepted. Follow the instructions from the relevant section of the College, Faculty, or Graduate School that you are scheduled to belong to at the time of the program and receive the explanation well in advance of the deadline since requests in a short notice may not be addressed for good reasons such as other duties. Also, please note that there could be specific regulations regarding the program.

(7) Attendance at the online pre-departure orientation is mandatory as part of the application process. Please note that the orientation is scheduled to take place on Friday, July 11, 2025, from 19:00 to 20:30. Details will be provided after internal screening results. Failure to attend the orientation without prior notification will result in the loss of eligibility to participate in the winter program.

<< Criteria for programs >> Please see each program's information sheet for details.

<< Insurance >> After passing the internal selection process and being accepted into the program, students are required to take out the Japan Educational Exchanges and Services (JEES) "Futai Kaigaku" at their own expense (this will not be paid for by the University). Make sure to take out this insurance from the day you are scheduled to leave home until the day you return to your home in Japan. Students shall take full responsibility of purchasing appropriate insurance coverage for the duration. Details of the insurance will be sent to students who are accepted into the programs after internal screening results.

<< Overseas Student Safety Management Assistance >> After passing the internal selection process and being accepted into the program, students are required to take out "[OSSMA](#)" ([Overseas Student Safety Management Assistance](#)) provided by Emergency Assistance Japan Co., Ltd. as a means of safety management during the program (it is the responsibility of the students to purchase OSSMA as this will not be paid for by the University).

<<Accommodation>>

Accommodation may be changes due to the host's circumstances. Additionally, in some cases, the accommodation may be the same as other UTokyo students or Japanese/non-Japanese students from other universities. As a general rule, the allocation of accommodations will be determined by the host, and the living environment will vary. Unless specially mentioned, there will be no difference in fees based on the differences in the living environment. Please understand that there are various different living environments available and apply to the program. Requests for specific living environments cannot be accepted.

For example, services and facilities in a dormitory may vary depending on the accommodation

and the number and nationality of fellow staying students can vary greatly, the living environments are not all the same. Unless specifically mentioned, there will be no difference in fees due to variations in the living environment, and they will be consistent. Applicants are expected to understand that there are various accommodation options before applying for the program.
