

(Appendix) List of partner universities that are available for this call (for 2026-2027 study-abroad)

**AY2025 The University of Tokyo University-wide Student Exchange Program  
(USTEP) for AY2026-2027**

\*The number of maximum participants is currently being discussed with the respective partner universities and may change upon consultation with them.

\*Many partner universities count the number of exchange slots not by the number of students, but by semester/quarter/term. In many cases, a one-year study abroad counts as two semesters, so the actual number of exchange students is roughly half of the "exchange slot" numbers. For example, if the number of exchange slots is 18 and only one-year programs are available, one year = 2 slots, meaning a maximum of 9 students can be sent. Exceptions are noted in the remarks column if applicable. Additionally, you can refer to the past exchange records in the following table.
