## Bienvenue à Strasbourg!

Considered a European capital, Strasbourg hosts key institutions, including the European Parliament, the Council of Europe, and the European Court of Human Rights. Strasbourg is also a vibrant, culturally rich city, offering a mix of French and German influences, the result of a long & complex history between our two countries. You can notice it through the architecture, traditional museums and local cuisine.

Last but not least, Strasbourg is located at the heart of Europe: hop in a train and travel easily to major cities like Paris, Brussels, Berlin or Geneva!
