- It is highly recommended to confirm graduation requirements at the home university, as KU's course registration operates on a first-come, first-served basis and is not guaranteed.
- KU does not guarantee any courses for exchange/visiting students. Stay flexible and have a backup plan.
- Some lab/practice courses may have TAs who teach in Korean. Contact the professor of the course in advance to confirm details.

▪ Course Registration

- Students will be notified via email about the instructions for course registration in mid-July (for Fall) and mid-January (for Spring). Students should follow these steps after receiving the email.

The number of available spots for degree-seeking students varies depending on their year of study (e.g. freshman, sophomore, etc.), while exchange/visiting students are counted separately under the "Exchange Student" category.
- If the number of exchange/visiting students who have selected a specific course (e.g. WORLD ECONOMY AND BUSINESS) during the 'Preferred Course Listing' period is equal to or below the number of quota available to exchange/visiting students, the course will be automatically registered (The quota for exchange/visiting students is usually 25% of total enrollment in each class).
- Students may refer to the course list from the corresponding semester of the previous year as it will remain similar. However, courses are subject to change every semester and we cannot guarantee their availability. Students are responsible for making a backup plan for their course plan.
- KU cannot recommend or find a course for individual students in principle of fairness. It is student's responsibility to make a backup plan when they make their course plan.

- KU uses a 4.5 GPA scale. The grading scale and credit hour value can be found [here](#).
- For credit transfer or recognition, students must contact their home university directly.
- Grades will be finalized in early January (Fall) and early July (Spring). If students have any questions or concerns about their grades, they are responsible for contacting the professor of the course directly only by the Grade Revision Period.

▶ **VISA**

▪ **VISA Requirements**

- A D-2-6 visa (exchange student visa) must be obtained prior to arriving in Korea. The Certificate of Admission (COA) issued by KU is required when applying for the visa. COAs are issued starting in June (Fall) and December (Spring). If applying for a new passport, inform KU in advance, as the passport number on the COA must match the passport used to enter Korea. More information about the students' visa is available [here](#).
- Students of Korean heritage must check dual citizenship status before or during the application process. If Korean nationality is valid, application must be made using a Korean passport.
- Entry to Korea with K-ETA (without a D-2-6 visa) for studying at KU is not allowed. Entering Korea with K-ETA while the student visa is being processed is also prohibited. The visa process must be completed and the D-2-6 visa obtained before entry.
- After arrival, apply for an Alien Registration Card within 90 days. Leaving Korea before the card is issued will result in automatic cancellation of the D-2-6 visa and re-entry will require obtaining a new student visa from the Korean embassy.
- Students must leave Korea by the end of January (Fall) or July (Spring).

▶ **Accommodations**

▪ **On-Campus Housing**

- On-campus housing is not guaranteed for exchange/visiting students. If it is a top priority, careful consideration is advised before applying.
