

International Alumni Forum 2011

International Alumni and Foreign Staff Members Gathering

As competition in the international community has intensified, internationalization has become a top priority for the University of Tokyo.

One of the core areas for action listed in the Action Scenario "FOREST 2015" published in 2010 is the development of a closer network with our alumni. To this end and in order to ensure close collaboration with foreign alumni associations, an International Alumni Forum is being held.

The first International Alumni Forum held last year was a great success and was attended by more than 80 participants. The second International Alumni Forum 2011 will be held at this year's Homecoming Day. International alumni and foreign academic and administrative staff are welcome (reservation required).

Date: October 29 (Sat) Sanjo Conference Hall, ground floor, "Goten"
